EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Pous on December 10, 2004.

The application has been amended as follows:

Claim 6, line 6, --substantially covering-- replaces "applying ion exchange resin onto";

Claim 6, line 6, --with ion exchange resin-- is placed after "structure";

Claim 10, line 6, --substantially covering-- replaces "applying ion exchange resin onto";

Claim 10, line 6, --with ion exchange resin-- is placed after "structure".

2. The following is an examiner's statement of reasons for allowance: the above changes define the claimed subject matter over the applied art of record because each of the applied references do not teach the ion exchange resin substantially covering the electrode. These references only teach the said resin covering a portion of the electrode structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John S. Maples whose telephone number is 571-272-1287. The examiner can normally be reached on Monday-Thursday from 6:15-3:45.
